HOW FRIDAY NIGHT BASKETBALL WILL WORK —

This spring the Parks & Recreation Department held successful Saturday tournaments at Highland Gardens Community Center and games at Chisholm Community Center on Friday nights. Participants were respectful of the facility and staff, appreciating the opportunity to have the programs. The gym will be open 5-9 PM, with game play 6-8:30 PM. Players ages 15-26 years sign up in groups of five that night; team members can change each Friday night during regular games (June 6- July 25, except July 4). Playoffs are August 1, and the Final Four Championship with full length games is August 8, with all teams maintaining the same members for those two nights of play. Until the Final Four, games will last 10 minutes. There will be an opportunity for motivational speakers and other entertainment as teams switch out.

VOLUNTEER ROLES & SPEAKERS —

At least two volunteers are needed at each site **to support the staff person in general oversight of the building/participants and in running the clock**. As additional volunteers are recruited, we can provide concessions (with revenue raised used to support additional youth programs) and have a more caring and impactful presence at the event. **We also are invited to recruit motivational speakers to speak at breaks during the play**. These speakers can address spirituality, challenges and hardships they have overcome or provide guidance on successful living.
